Control Sugar Prices in United States

Washington—Active control of sugar prices was resumed by the government through an agreement reached between the department of justice and the food administration, that licenses will be revoked by the latter when it is shown dealers have been profiteering. Sugar should reach the consumer at approximately 11 cents a pound, it was announced, based on the ownership of the entire domestic and Cuban crop for the United States sugar equalization board, which is selling to refiners at 7.25 cents a pound.

Refiners are under contract with the board to sell at nine cents, less two per cent. discount for cash; wholesalers and jobbers are allowed a maximum of 68 cents a hundred pounds for handling and retailers are permitted a profit of one cent and one-half cents a pound, making a fair price of 11 cents except in cases where dealers have purchased at an "unreasonable" price due to misunderstanding in the trade. When this is a fact, a reasonable advance over the actual cost will be permitted.

With the house agriculture committee's amendment for extension of the powers of the Food Control Act before it, the house was prepared to take action on the amendment, and thereby make its first extensive step toward beating down living costs. The amendment, which was reported to the house by an unanimous vote, includes retailers among those liable under the Food Control Act and its enactment, along with the control exercised over sugar, officials believe, will do much to curtail profiteering by retailers.

Divorces in Manitoba

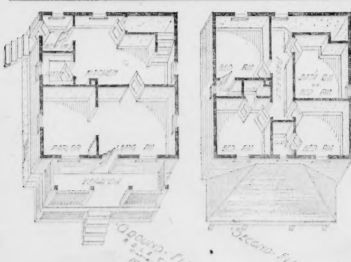

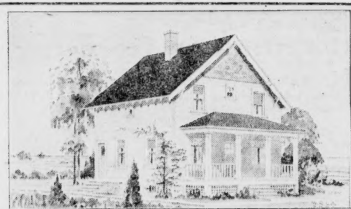

Winnipeg—An announcement made at the law courts today that there are over eleven hundred divorce applications filed for hearing, when the court of King's Bench opens at the fall sittings, September 15.

Six judges will be occupied hearing the cases. In the majority of cases the divorce applications are being made by soldiers who have returned to find their wives have been unfaithful. The cost of obtaining a divorce is from \$200 up, according to law.

Harvesters Create

Disturbances

Pillage Town, Fire Depot and Stone Passenger Trains on Route

Riviere du Loup, Que.—A trainload of young men, numbering between 800 and 900, belonging to different parts of the district, and who were leaving for the West to work on the farms during the harvest, created a serious disturbance on the train, also robbing and pillaging in this town, one shop being relieved of \$200. At St. Andre de Kamouraska they set fire to the station, which was got under control before serious damage occurred. Other officers were committed at other places along the road, among them being the stoning of passenger trains. Disturbances were finally placed abroad and the train proceeded to its destination, no arrests being made.

"Away With Erzberger"

Berlin—Under the slogan "Away with Erzberger," the National Liberals staged a noisy meeting of protest, in which the speakers urged the Minister of Finance to be a universal grilling. Erzberger's activities from the time he conducted the armistice negotiations down to the present enactment of special measures of taxation were made the subject of attacks from the floor. "Traitor," "Scoundrel," "Cannibalized Corruptionist," and similar epithets were hurled. Some of the speakers demanded that Erzberger be strung up on the nearest lamp post.

At the meeting, a resolution was adopted demanding Erzberger's retirement.

Heilfich May Be Prosecuted

Berlin—The Ministry of Justice has received instructions to examine the evidence obtained against him. Some of the speakers demanded that Erzberger be strung up on the nearest lamp post.

Italian Troops Enter Hungary

Paris—Italian troops are on their way into Hungary, according to reports received here. No details of the movement were given.

Strike in Miramichi Mills

Newcastle, N.B.—Practically every mill on the Miramichi has been tied up by a strike among the workers. Men employed loading the stevedores have struck for a nine-hour day and 65 cents per hour.

Increased Wages For Telegraph Operators

Reduction in Working Time and an Advance of \$10 and \$12 Are Granted by Board

Montreal—Substantial increases in wages are accorded the operators of the C.P.R. telegraphs by an award handed down by the Canadian railway way board, adjustment number one. An increase of \$10 a month is given to Morse operators, "all outside positions," and \$12 a month to the percentage groups of the percentage office. Included in the latter are Montreal, Ottawa, Winnipeg, Moose Jaw, Calgary and Vancouver.

The wages in these three percentage groups will now be \$73.25, \$12.50 and \$12.25, with a minimum over the entire system of \$100 a month, with the exception of city branch offices (and only) where the minimum is \$75 a month, and also at one or two specified points.

An eight-hour day will be worked in all outside positions, with a reduction of one hour. The increase is to date back to June 1, and in future the clerks are to be included in all other increases.

In the present arrangement, however, the amount of wages will be dealt with on September 16.

Austrians And Their Treaty

Are Wanting to Take It Back to Vienna

Paris—The Austrian delegation told the supreme council that it would be necessary for them to take the complete text of the treaty to Vienna and to submit it to the assembly for approval before its delegates can sign it.

This suggestion brought expressions of surprise from members of the council, as it had been thought the Austrian delegation had full powers to sign the treaty. The Austrians hope to make some arrangements to sign the treaty without taking it to Vienna.

In the signing of the treaty, as a result of this unexpected development, it was said, may be postponed until well into September.

Citizens Would Prosecute Prince

Berlin—At a meeting of the citizens of Teltow, a suburb of Berlin, there was a discussion of the conduct of Prince Frederick Leopold, cousin of former Emperor Wilhelm, who, unlike Count Helldorf, remained there instead of leaving the country. It was alleged that he had engaged in illicit trading on a large scale and had hoarded large quantities of food. Local authorities recently searched his castle, confiscating great supplies of food, which were distributed among hospitals, but when they attempted to bring action against the prince they were told from authoritative quarters that he was immune because a member of the royal family.

Serious Fires in Northern Idaho

Misoulta, Mont.—The general fire situation in forestry district number one, Montana and Northern Idaho has never in the history of the west been so serious as it is today, according to forestry officials. New fires are breaking out, old fires are entirely out of control, and it is reported incendiaries in the woods not only have set fires in isolated spots, but have in several instances severed connections between the fire fighting crews and the outside world, with serious results.

Commr. C. Sowton to Go to Sweden

Toronto.—Commander Charles Sowton, of the Salvation Army, who has been in charge of the Western Canada territory with headquarters at Winnipeg, has been selected by General Bramwell Booth to take charge of Salvation Army work in Sweden, according to an announcement made here by Col. John McMillan, chief secretary for the Toronto district.

Supply the Home Market First

Sydney, N.S.—Instructions have been issued to the British Canadian trade commission that all local demands for sugar must be looked after before this article is exported. Such was the gist of a telegram received by F. C. Kimble, secretary of the Sydney board of trade, in reply to a wire sent to the government.

Consumers to Fight Profiteers

Paris—Citizens living in the Montmartre district have formed the "consumers' league of France" to combat the high cost of food stuffs. It is the intention of the founders to enlarge the league into the national leagues' federation, with members throughout the country.

Why Britain Sets Low Wheat Price

Winnipeg—In an interview on the price of \$1.80 set by Great Britain for Canadian wheat, W. S. Evans, who represented the millers at recent conferences at Ottawa, said: "The situation is quite simple. This price of \$1.80, mentioned in the cable, has, unquestionably, to my mind, nothing to do with the price at which the government is to buy wheat, but the price at which it will resell, in conformity with its policy to ensure the ninetynity loaf."

"Last year it cost Great Britain \$235,000,000, the difference between the price it had paid for wheat and the price at which it had to be sold to allow for the ninetynity loaf. It had to charge prices for wheat which were less than the purchase price."

"This \$1.80 mentioned in the cable is the resale price. The cable, in my judgment, has nothing to do with the price at which the government will purchase at whatever price it can get the wheat, and then sell it at a resale price of \$1.80 in England."

"It has been doing it before. It has in the past spread the difference over wheat and flour. Now the cut is all placed on the wheat. The government decided to subsidize the loaf and placed it all on the wheat, which will reflect the ninetynity loaf."

U. S. Government Brings Down Prices

Washington.—Attorney-General Palmer said there was evidence that the government campaign to reduce the cost of living already was bearing fruit. A prominent vegetable dealer of Maryland wrote Mr. Palmer that prices in many lines were beginning to ease off, as it became evident the department of justice meant business in announcing that criminal prosecutions against hoarders and profiteers would be instituted where the laws were violated.

The attorney-general and Judge Ames, his assistant, drew distinctions which they said the public should recognize between hoarded food and stored food. The former is held out of the market in greater quantities than required for the owners' business for the purpose of forcing up the market.

The latter is surplus, being hoarded from the harvest to the lean season.

Reports to the attorney-general from state food administrators indicated that fair price boards rapidly were being set up in many states and were proceeding to get pledges from dealers to abide by the prices prescribed for the guidance of the public.

The department of justice announced that eleven cases had been brought under the Food Control act for seizure of food in Columbia, Ga., St. Louis, Detroit, Chattanooga and Kansas City.

Greeks Ask for Protection

London.—Slovak representatives of 35,000 Greeks in the Archdiocese of the Caucasus have telegraphed the peace conference requesting protection against Turkish soldier brigades, who with Enverism as a base, are holding massacres of the Greeks there, accompanied by much pillage.

Miners Talk of Five-Day Week

Sydney, N.S.—The five-day week, estimated for a 25 per cent. increase in wages and several other matters of prime importance to the coalfields, has been the subject of a general meeting to be taken up at the big mining convention which is to meet in Sydney this week.

Expanding Canadian Trade

Supply, N.S.—Instructions have been issued to the British Canadian trade commission that all local demands for sugar must be looked after before this article is exported. Such was the gist of a telegram received by F. C. Kimble, secretary of the Sydney board of trade, in reply to a wire sent to the government.

Canadians Voyage Under Direction of Canadian National Railways

London—Premier Lloyd George writes to the press to the effect that the discussion of certain, highly controversial points in his recent speech in the House of Commons has aroused other parties to its vital concern to the country and to serve full discussion before parliament is asked to legislate thereon.

He accordingly furnishes a summary of the government's program as set forth in his speech, advising several proposals, to which he says he did not have time to refer to in his speech. One proposal is to establish a department of standards to promote and assist standardization in technical trade matters, which he regards as increasingly important to British industry.

Another point is his intention to introduce legislation to secure adequate measures permanently to protect the public from the harmful effects of trusts and combinations, should such protection become advisable. His mention of this subject in his speech was in connection with six months under the Profiteering Act.

To Protect Britain From Profiteers

Fixed Price Of Wheat

If World Market Price Realizes

More, Producer to Get the Benefit

Ottawa—Telegrams and communications received by the government, as well as comments made by brokers and others interested in the wheat trade, indicate that the government's action in fixing an initial price for wheat to be paid to the farmer will not receive more than that figure. On behalf of the government it was pointed out to a representative of the Canadian Press, Limited, that in the case of the Canadian farmer, he gets what the market of the world will give him. If the price of wheat should go to \$2.30, \$2.40 or \$2.50, the farmer will get the benefit.

On the other hand, in the United States where a price has been artificially fixed, the farmer will simply get the fixed price.

The object of the government, it was further explained, was not to limit to any price or estimate the price that the farmer should obtain but rather to make sure that he should receive the highest possible price. The government through the Canadian wheat board undertakes to set the surplus crop, not at a fixed price, but to turn back to the farmer free from all speculative and profiteering charges the balance of the price received for his grain over and above the initial payment of \$2.15.

It was further pointed out that the United States price was fixed before the war was over, on the assumption that the world conflict would continue. It had not been done in it and it was not regarded as probable that the United States would have made a fixed price, but as it is, the United States fixed price is not and no more.

Why Shoes Are High

Boston, Mass.—Country into the high cost of shoes by the Suffolk county grand jury developed that some shoe workers have been earning \$120 a week. These instances were said to be few, but it was testified that many made \$60 a week, while the average was about \$40. It was said that a pair of shoes sold by a manufacturer for \$5.50 was displayed in a store four hundred yards from the factory marked at \$12.

Inheritance Tax Bill Passed

Weimar, Germany.—The assembly has passed the inheritance tax bill. The members of the Right voted against the bill. They particularly opposed the paragraph inserted in connection with the tax on fortunes exceeding 150,000 marks, greatly increased and in some cases doubled.

Karl Muck Departs

New York—Dr. Karl Muck, former leader of the Boston Symphony orchestra, who was ordered interned as an enemy alien April 5, 1918, and confined at Fort Oglethorpe, Ga., during the war, has been released from the shipstopper Frederick VIII, for Copenhagen.

A rubber factory is to be established at Collingwood, a suburb of Vancouver.

Resist Holiday Proposal

Paris.—There is much discussion of a possible vacation for the peace conference, but this is bitterly opposed by many members, who insist that it is impossible for the conference to adjourn until the armistice treaty is disposed of at least. This probably cannot be before September 1.

Bolshevik Cut Off From Base

London—Military authorities here point out that the occupation by General Denikin of the town of Cherevov, on the Don, is a blow to the Bolsheviks, as the last remaining line of communication of the Bolsheviks with Odessa.

Child Welfare Institute

The announcement that a Child Welfare Institute is to be held in Claresholm on Monday September the 8th, is one of more than ordinary interest to the people of the town and district. We have been hearing about this interesting movement from time to time but so far as we are aware this is the first occasion which has been devoted exclusively to the explanation of the movement and the discussion of the Child Problem. This movement has made great strides in Great Britain, New Zealand, United States, Belgium, France and other countries but is only recently taking hold in Canada. Alberta is the first province in which a special secretary has been appointed for this work. Some seventeen months ago the Alberta Social Service League recognizing the vital importance of this work, appointed a special secretary for child welfare work, prevailing upon Rev. E. S. Bishop to undertake the task of organizing and promoting a province wide campaign of education along these lines.

For something over fifteen months Mr. Bishop has been devoting his entire time to this work. Travelling extensively throughout the province and introducing the movement by means of sermons, addresses, lectures, child welfare institutes, distributing free literature, writing press articles, etc., and he reports wide spread and growing interest in the subject.

Mr. Bishop is of course well known in Claresholm, having been a frequent visitor here during his pastorate in Nanton, Macleod and Calgary; but he has not yet visited here in his new capacity. According to the announcement he is to preach on Sunday September 7th in the Presbyterian church in the morning and in the Methodist church in the evening, and in connection with the Child Welfare Institute session on Monday, he will lead a discussion at the afternoon session on the "Practical Problems of Parenthood." The afternoon program will be further assisted by Miss Matthews. In the evening Mr. Bishop is to deliver his popular lecture on "Child Welfare as a National Issue."

There is also a possibility that this evening session may be addressed by Mr. H. H. Hull, Acting General Secretary of Alberta Social Service League, who is giving his special attention to the prohibition issue.

The sessions are to be held in Harrison Hall.

Peck—Mill

An event in which many Claresholm people will be deeply interested took place on Wednesday, August 27th, in the Parsonage (Central Methodist), Calgary, when Mrs. Jane Ann Mill became the wife of Mr. R. K. Peck. After the ceremony, which was performed by the Rev. F. Wm. Locke, the happy pair left for Gull Lake where a brief honeymoon will be spent.

Few are better known than Mr. and Mrs. Peck and the whole community will wish them a happy married life.

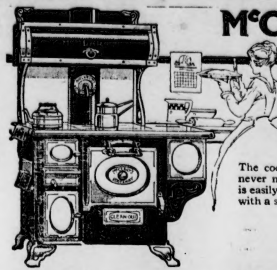

Card of Thanks

We wish to express our appreciation of the kindness shown by our many friends during our recent bereavement, also for the flowers.

Mr. and Mrs. G. B. Todd

The Claresholm School Fair will be held in the Agricultural Society's grounds on Friday, September 5th. Those who have not received programs will get same from their secretaries. Cards and tags for entry may be had on application to the School of Agriculture. All boys and girls wishing to participate should get their live stock and produce in good shape for this fair. An elaborate program of sports has also been arranged.

For Sale—Mendelssohn piano almost new and in first class condition. Will sell cheap. Apply to Box 244, Claresholm, for terms.

McClary's Kootenay

SURELY it is every woman's right to have a range like the Kootenay!—a range that she can depend on—a range that is a real joy to work with—a range easy to keep clean—a range that "keeps the oven hot" with a small fire.

The cooking-top is burnished brighter than steel; it never needs blackened. The oven wall of nicked steel is easily cleaned. The duplex grates clean down the fire with a single swing of the lever. See this famous range.

A Ford car repaired with "spurious" or imitation parts is no longer a real Ford.

The inferior parts weaken the car—often injure other parts, cause trouble and breakdowns. The car could not be expected to give Ford satisfaction.

Genuine Ford parts can be bought wherever you run your car. We have on hand enough parts for the needs of every Ford owner in this district. Many other reliable garages carry complete stocks of Ford parts.

You need never accept anything but true genuine. You need never wait for them. Demand Genuine Ford Parts.

Coupe \$975. Sedan \$1,175. Runabout \$760. Touring \$690. (All the foregoing equipped with electric starting and lighting.) Standard Chassis \$625. One-Ton Truck Chassis \$750. These prices are F.O.B. Ford, Ontario. All prices subject to war tax charges, except Truck and Chassis.

The sacrament of the Lord's supper will be administered in the Methodist church at the close of the regular service next Sunday morning. All are welcome to the service.

See "A Petticoat Pilot" at the Rex Theater on Friday and Saturday, August 29 and 30. This is a Paramount picture featuring Vivian Martin, and is a guaranteed attraction.

Edward Mason, wife, and son of Kitscoty, are here for a few days' visit with Mrs. Mason's father, Mr. Lindsay. Mr. Mason is manager of the bank of Commerce at Kitscoty.

Remember that the Mack Sennett comedy, "Saucy Madeline" is coming to the Rex the same night as "The Firefly of France." They are special attractions and there will be no raise in admission.

Oliver Myrtle, the little daughter of Mr. and Mrs. G. B. Todd, died on Monday, September 23, age 4 months and 14 days. The funeral service was held at the residence on Tuesday afternoon, conducted by Rev. H. G. Fatland.

"It kind o' took us by surprise, and yet we knowed 'twas comin' we'd heard it all the summer long in ev'ry wild bee's hummin'." We understood that our friend R. K. Peck had gone to Calgary for an operation. Well, yes, we were a trifle surprised to learn that it was a matrimonial operation he had undergone.

The Musical Eckhardts, Swiss Bell Ringers, are billed to appear at the Rex theater Wednesday, September 10th. The Eckhardts are well known throughout the west, and have played Claresholm several times. T. Eckhardt, father of the boys, is still with the Company and has engaged three new performers since their last visit here.

A number of mischievously inclined boys have got into the habit of placing stones and other obstructions on the city sidewalks. This is a very dangerous pastime and if not stopped some one will sooner or later be killed as a result of this practice. If the boys have not sense enough to stop it themselves parents must take a hand and see that it is stopped.

A bee is being organized for next Wednesday, September 3rd, to do some very necessary work at the cemetery. Owing to the absence of Mayor Lewis, W. C. Miller will be in charge. It is hoped that there will be a good turn out, and it is requested that those who come bring scythes and rakes. If more people would attend these bees it would have a more marked effect on the prevailing untidiness of the cemetery. We have known towns where the cemetery was the most beautiful spot in the vicinity. There is no good reason why it should not be so here. Let all who can turn out next Wednesday and help.

CORRESPONDENCE

The Gap, Aug. 24, 1919.
Editor Clareholm Review.
Dear Sir—Having just re-
ceived The Gap, I have learned the
latest facts about the fire. At
present the fire is covering per-
haps twelve or thirteen miles
square. In most places it is
burning underneath the moss
and old decayed logs, then when
the wind rises it breaks out in
bright flames and drives the fire
fighters back, the heat often
compelling them to run for their
lives. The Chief Ranger says it
will burn more or less until we
have very heavy rains or a couple
of feet of snow. At present there
are about 150 or 175 men fighting
who are paid \$5.00 a day and
board. Every man within 12
miles of the fire can be compelled
to fight fire, providing there is
one man left on the ranch to care
for the stock. Eight men became
panic stricken last week and re-
treated to their homes, but they
were brought back again by a
posse.

I leave my wagon tomorrow
pack my horse with five days'
supplies and track around the fire
into the mountain sheep country.
There is a great deal of game in
the country, having been driven
out of the burning district. Dif-
ferent fire fighters report having
met bears, deer and one moun-
tain lion.

If you know of any jobless
men in Clareholm, you may let
them know that the government
will take more men until the fire
is conquered.

chicken, you may find it in the

C. P. R. OFFERS CUP FOR HARD SPRING WHEAT

In connection with the Inter-
national Soil Products Exposi-
tion, which will be held in Kan-
sas City, Mo., September 24th to
October 4th, the Department of
Colonization of the Canadian Pa-
cific Railway is offering a silver
cup of the value of \$500 for the
best half bushel of hard spring
wheat exhibited. It is hoped
that every farmer in Alberta who
has a good sample of wheat this
year will submit a half bushel in
this competition. Those compet-
ing for this cup will automatic-
ally become competitors for the
prizes offered by the Internation-
al Farming Congress in the class
which include a first, second and
third prize. In addition they
have a chance of winning the
sweepstakes for wheat. The
winning sample of hard spring
wheat is usually the best exhibit

of wheat shown at the exposition
and thus wins the sweepstakes
prize, and the exhibits from
Western Canada generally carry
all before them in this class. Last
year the C. P. R. cup, the sweep-
stakes for wheat and the first
prize for hard spring wheat were
won by Seager Wheeler, of Ros-
thern, Sask., with H. B. Sheeley,
of High River, Alberta, a good
second. No cup was offered by
the C. P. R. in 1917, but the
sweepstakes for wheat and the
first prize for hard spring wheat
were won by Samuel Larcombe,
of Birtle, Manitoba, in that year.
In addition to the above, other
valuable prizes will be offered for
every variety of field crops. Of
late years farmers from Western
Canada have carried away a
lion's share of these prizes, and
no doubt their exhibits will be
conspicuous again this year. An
official premium list of the ex-
position is now ready, and a copy
can no doubt be obtained by
writing to the secretary of the
International Farm Congress at
Kansas City, Mo.
